

Energietag 2019 Energy Day 2019

“Inspire International Implementation of a Defossilized Energy System”

Sehr geehrte Damen und Herren,

der Energietag 2019 diskutiert die drängenden Fragen unserer Zeit: Wie gestalten Europa und die Welt ein defossilisiertes Energiesystem? Ist Power-to-X eine Schlüsseltechnologie dafür? Stellt die Wasserstoff-Ökonomie eine nationale oder internationale Lösung dar? Welche CO₂-Bepreisung wird sich weltweit bis 2030 bzw. 2050 durchsetzen? Brauchen wir darüber hinaus neue Lösungen hin zu negativen Emissionen um dem Klimawandel zu begegnen? Dies und mehr wollen wir mit Ihnen und Experten aus aller Welt diskutieren.

Ladies and Gentlemen,

The Energy Day discusses the urgent questions of our time: How do Europe and the world create a defossilized energy system? Is Power-to-X a key technology? Will the hydrogen economy be a national or an international solution? Which CO₂ pricing method will be globally implemented until 2030 or 2050? Do we need new solutions towards negative emissions to combat climate change? These and more questions we want to discuss with you and with experts from all over the world.

Dr. Uwe Franke
Chair

Dr. Carsten Rolle
Executive Director

7. November 2019

 #EnergyDay2019

9:00	Einlass · Registration
9:30	Begrüßung · Welcome Dr. Uwe Franke President, Weltenergieat – Deutschland
9:40	Building Better Energy Bridges: Innovation Pathways of the World Energy Scenarios Dr. Angela Wilkinson , Secretary General and CEO, World Energy Council
10:00	Perspectives for a new Green Deal in Light of the Global Climate Crisis Jochen Flasbarth , State Secretary at the Ministry for Environment, Nature Conservation and Nuclear Safety of Germany
10:15	Energy Policy during Finland's Presidency of the EU Council Matti Anttonen , Permanent State Secretary, Ministry for Foreign Affairs of Finland
10:30	Reconciling Climate Protection with Industrial Prosperity Dr. Rolf Martin Schmitz CEO, RWE AG
10:45	Energy Perspectives for Europe Panel – Discussion Dr. Angela Wilkinson , Secretary General and CEO, World Energy Council Matti Anttonen , Permanent State Secretary, Ministry for Foreign Affairs of Finland Dr. Rolf Martin Schmitz CEO, RWE AG
Moderator:	Sonja van Renssen Freelance Journalist
11:45	COP25 December 2019 in Madrid Dr. Karsten Sach , Director General „International and European Policy, Climate Policy“

12:00	Mittagspause – Networking Lunch
13:00	CO₂ Tax for Climate Change Mitigation Kerstin Andreae , Managing Director of BDEW, former MdB (Grüne)
13:15	CO₂ Pricing – Tax vs. ETS Prof. Marc Oliver Bettzüge , Chair of Energy Economics, University of Cologne (ewi)
13:30	A global CO₂ price – what, how and when? Dialog – Pros and Cons Discussion Kerstin Andreae , Managing Director of BDEW, former MdB (Grüne) Prof. Marc Oliver Bettzüge , Chair of Energy Economics, University of Cologne (ewi)
Moderator:	Dr. Carsten Rolle , Managing Director, Weltenergieat – Deutschland
14:00	Expanding Horizons – Hydrogen Economy and Negative Emission Measures Panel – Discussion with short pitches Manon van Beek , CEO, TenneT Holding B.V. (Netherlands) Dr. Oliver Geden , Head of EU Research Division, German Institute for International and Security Affairs (SWP) Dr. Brigitte Knopf , Secretary General, MCC – Mercator Research Institute Gelem Lluberes , Director Service Agreements Power Generation, Siemens AG MB FEL-100
Moderator:	Sonja van Renssen Freelance Journalist
15:25	Verabschiedung – Closing Remarks Dr. Carsten Rolle , Managing Director, Weltenergieat – Deutschland
15:30	Ende der Veranstaltung End of Conference
